ENGLAND

On the death of the last of the Marian Bishops in the reign of Elizabeth, the Catholic Hierarchy in England became extinct. It was restored Sept. 29, 1850, by Letters Apostolic (*Universalis Ecclesiæ*) of Pius IX when the Metropolitan See was transferred to Westminster. By Letters Apostolic of Oct. 28, 1911, of His Holiness Pius X the Province of Westminster, which had fifteen Suffragan Sees, was divided into three Provinces—Westminster, Birmingham, and Liverpool. With Westminster remain the dioceses of Northampton, Nottingham, Portsmouth, and Southwark. To Birmingham were assigned the dioceses of Clifton, Newport, Plymouth, Shrewsbury and Menevia. The remaining Sees of Hexham and Newcastle, Leeds, Middlesbrough, and Salford were assigned to Liverpool. On February 7, 1916. Newport was raised to archiepiscopal rank under the name of Cardiff; and, with Menevia as a Suffragan See, was formed into a fourth province. In 1917 the county of Essex was separated from Westminster and made into a separate diocese (Brentwood) of the Province of Westminster. In 1925 the See of Lancaster was carved out of Liverpool and Hexham and Newcastle.

The Catholic Population of England and Wales is 2,353,189.

NO TRAFFIC LANES . . NO WORN SPOTS

when floors are finished with Seal-O-San

Scuffing Feet Can't Mar this Wear-Proof Finish

WHEREVER you find traffic-scarred floors, there also you find a surface floor finish that has failed. Under the abuse of traffic, the hard, brittle surface-finish cracks and breaks, exposing the wood cells beneath. Continued pounding and scuffing crushes these empty cells . . . starts an unending trail of worn spots across the floor.

A Penetrating Seal-O-San finish actually becomes part of the wood. As the liquid penetrates, it fills the empty wood cells, then hardens to form a *protective* seal against dirt, moisture, or wear. Because this seal extends below the surface of a Seal-O-San finished floor, you never see traffic lanes or worn spots.

Applying Seal-O-San to a newly sanded or cleaned floor is simplicity itself. Two, thin, quick-drying coats, and the job is done. The result is a hard-wearing floor—*always* attractive—*easily* kept clean.

That is why Notre Dame, Holy Cross, Trinity College and 5200 other institutions have Seal-O-San finished floors. For Seal-O-San points the way to real maintenance economies. Sturdy, durable and inexpensive to apply, Seal-O-San cuts refinishing costs *50% and more.*

It will pay you well to refinish all your wood floors with Seal-O-San. You'll find it the most economical floor finish you can use.

PERFECT SEAL AND FINISH FOR WOOD FLOORS

SEAL-O-SAN HAS NO EQUAL

What IS Safway ?

Safway is a scientific system of tubular steel members which may be set up on the job to any height, width and length.

The basic unit set up consists of two end frames held firmly together by two cross braces. This forms a unit 5′ wide, 7′ long and 5′ high. SHOOTING NAVY "MESS GEAR" TO THE CAMPUS

U. S. Navy Official Photo

On many campuses, U. S. Naval Training Schools are battling against time to turn recruits into officers. Often DUPARQUET engineers have already been in there doing a job. Quickly enlarging the school's cooking layout with everything from "mess gear" (china, glass and silver to us landlubbers) to batteries of heavy-duty equipment. Means installations to save fuel consumption, operating time, repairs. For, in war or peacetime, you can *count* on DUPARQUET equipment to keep efficiency up, replacements down.

FURNITURE * CARPETS * DRAPERIES * LINENS * CHINA * SILVERWARE * GLASS * KITCHEN EQUIPMENT and UTENSILS * REFRIGERATORS and REFRIGERATION * BARS and BEER SYSTEMS, etc.

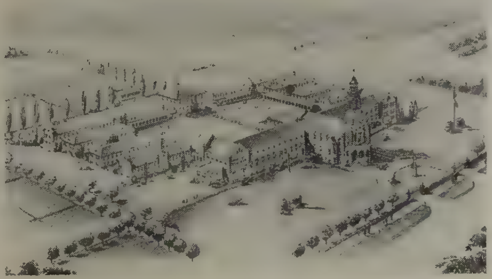
When Peace Comes

It is inevitable that this strife-torn world will again be adjusted to peaceful pursuits. *War Production* is all-important today—construction planned now, is also all-important for tomorrow.



School for Exceptional Children, Longmont, Colo. Sisters of St. Francis of Assisi. An example of post war planning.

The Parish or Institution that has a well planned program will avoid the confusion and delay of post war. . . . Today, the administrator can leisurely plan for future needs. The architect has more time to devote to consultation, study and preliminary design. The economical advantages of post war planning are many. Advance planning, studied and discussed in detail, results in better buildings—definitely to the owner's advantage.

Your Pipe Organ Problems

are welcome at Möller

Today, the resources of Möller and the skill of Möller craftsmen are devoted to serving America in her all-out war effort. This, plus the fact that our country has first call on the strategic materials fine organs require, makes it impossible for us to build new organs at present.

However, we shall be happy to quote on the rebuilding of organs where essential metals are not required, and our organ service will be maintained as in the past ... Meanwhile, the Möller artisans and tonal experts are being retained and, when Peace is ours again, we assure you Möller instruments will be more magnificent than ever.

WITH PATIENCE and SOLICITUDE, these fine wines are made by the Brothers of the Christian Schools at their Novitiate in Napa, California. Sixty years ago the Brothers began making wines for their own use, and shortly thereafter made them available to the public. THE EUCHARISTIC TABERNACLE SAFE

PAST: As designers and manufacturers of the famous Eucharistic Tabernacle Safe with patented mechanism and revolving doors, our plant was devoted exclusively to serving the Catholic clergy of the United States and foreign possessions.

PRESENT: The entire facilities of our factory and the efforts of our skilled craftsmen, who are not yet serving in Army or Navy, are given to war production. We have purchased much machinery now being used for this work.

FUTURE: We hope and pray that the war will end soon. Eucharistic Tabernacle Safes will again be made by us as we have retained all of our expensive patterns. As soon as the government will again permit the use of bronze for church work we will be ready to resume the manufacture of tabernacles. Place your order for steel and bronze tabernacles with us now. After all there is no good substitute for these metals.

GOLD PLATING: We are still gold plating chalices, ciboria and monstrances and refinishing candlesticks, candelabra and other church metalware. Ship your articles to us and we will put them in first-class condition.

WHAT "AMERICA" SAYS

"Now that Mr. Norton has written this exceedingly able book, no school can excuse the lack of a course on the Constitution by pleading the hitherto mournfully valid excuse: 'There is no good text-book.' Mr. Norton is clear and concise; the arrangement of the matter is excellent, and the book will serve equally well for the class work and private reading."

"Our Constitution is the

DEMOCRACY is the outgrowth of the religious conviction of the sacredness of every human life. On the religious side, its highest embodiment is the Bible; on the political, the Constitution.

Sunfilled pure concentrated
ORANGE AND GRAPEFRUIT JUICES
. . . *now on overseas duty*

For our many friends and customers the recent government requisitioning of concentrated citrus fruit juices for the armed services will necessitate the more costly and less convenient use of available fresh fruits. As patriotic Americans, all of us agree that our fighting forces must and will be adequately supplied with the best . . . and that any resultant shortage on the home front will be cheerfully borne.

Whether the present ruling will be modified to permit a limited release of Sunfilled pure concentrated Orange and Grapefruit Juices for hospital and institutional use is unpredictable at this time. Significant, however, is the fact that the true-to-fruit qualities and economy features of Sunfilled products qualify them for this distinguished service . . . further justification of your continued use when present restrictions are lifted.

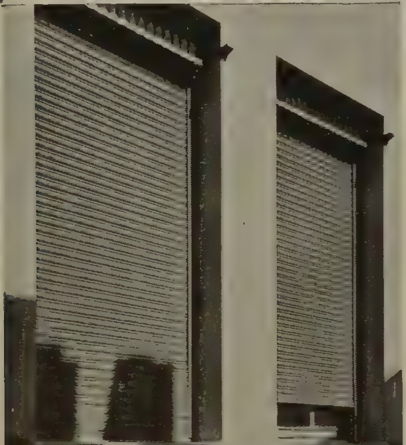
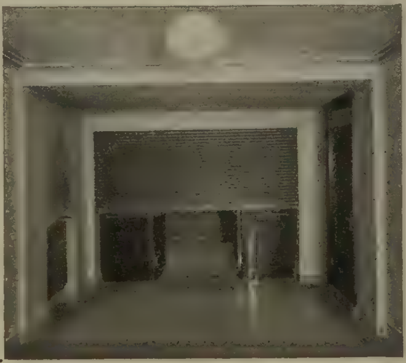
KINNEAR STEEL ROLLING FIRE DOORS AND WINDOW SHUTTERS

When fire threatens, Kinnear Steel Rolling Fire Doors and Window Shutters close quickly, automatically, positively and safely. They feature a fireproof curtain of interlocking steel-slat construction that cuts off drafts and blocks the spread of fire. Yet these doors can often be installed so as to be completely concealed in the wall when open. Safety for occupants of the building at the time of fire is assured by a device which controls the downward speed of the doors after release, and by a counterbalance which makes it possible to raise the doors after closure. Kinnear Fire Doors and Shutters are specially built to fit openings of any size. Kinnear also builds Steel Rolling Service Doors, Metal Rolling Grilles, and Upward-acting Doors of other types in both wood and steel. Consult us.



Left: Shows the attractive way Kinnear Window Shutters may be installed—all working parts concealed.

Right: A corridor opening equipped with a Kinnear Rolling Fire Door.



KINNEAR WOOD ROLLING DOORS, proved in service over many years, are the ideal wartime alternate for Kinnear STEEL Rolling Doors. They offer maximum efficiency and space economy yet cut the use of war-vital metals to the minimum. Write for details.

Announcement

The JOHN MURPHY COMPANY of Baltimore, which for more than one hundred years had published and distributed many outstanding Catholic books such as THE FAITH OF OUR FATHERS, by Cardinal Gibbons, THE MANUAL OF PRAYERS, and THE HOLY BIBLE, has found it advisable to discontinue business by reason of a series of deaths in the family.

Founded in 1837 by John Murphy, this old publishing house continued after his death under the personal supervision of his son, Frank K. Murphy, through whose untiring efforts the business prospered and developed in importance and prestige.

Arrangements have been completed whereby the following books shall now be republished and continued in distribution by P. J. Kenedy & Sons of New York, which is the oldest Catholic publishing house of the U. S. A., having been founded in 1826:

Most Sanitary and Economical Brush Made

RED CAP
Dustless
BRUSH
Sweeps Cleaner!
Eliminates Scrubbing!
Does away with Sweeping Compound Entirely!

THIS self-moistening "Dustless" Brush has a metal reservoir which is easily filled with kerosene, or "Arbitrin," a specially prepared sweeping liquid. As the brush sweeps this fluid filters through the center row of tufts, making the best kind of sweeping compound out of every bit of dust it contacts. This dust dampened with Kerosene or "Arbitrin" cannot rise to contaminate the air. Scientific tests conducted by Health Authorities for a large number of schools proved that the "Dustless" reduced the dust 97 per cent as compared to other methods.

The "Dustless" brush has also proved in hundreds of cases that it makes for faster sweeping, saves floors, eliminates the need of periodic scrubbing and bleaching, and outlasts ordinary brushes 3 to 1.

The construction of the "Dustless" is as unique as its performance. Tufts are specially selected stiff, black horsehair. They are not just stapled but hand-drawn into the block with rust-resistant wire. They cannot come out or come loose. Pressed steel reinforcing back is clinched all around the block to prevent splitting. The fluid reservoir is also of steel. The liquid feed arrangement is fool-proof, keeping inside tufts constantly and evenly moist. The handle is instantly reversible and adjustable to the height of the sweeper. Tufts are 3¼" long and trimmed flat.

AN OUTLINE HISTORY OF THE CHURCH BY CENTURIES

(From St. Peter to Pius XII)

By

JOSEPH McSORLEY

Of the Paulist Fathers

With a Foreword by the

Most Rev. John B. Peterson, D.D., Ph.D., LL.D.

The most American of all the textbooks of Church History yet presented to the public; in fact, a brief history of the United States, Church and Nation, might easily be formed by lifting a hundred pages or so out of the book. Due tribute is paid to Pan-Americanism, and a finely proportioned account of the history and present condition of the Church in each of the Latin American republics is chronicled in the true Catholic spirit.

Here are a few examples of the way in which the author aids the imagination and the memory of the student.

(1) A symmetrical (though consciously arbitrary) framework of periods and centuries, supplemented, however, by Previews and Summaries, and by employment of the topical method for outstanding features and for long-lived institutions and movements.

(2) Strong emphasis on the interplay of secular and ecclesiastical forces, with an account in each chapter of the contemporary political events amid which the Church was living and acting.

(3) A description of the mission field, century by century, together with an account of external religious bodies, Orthodox Christians, Protestants, Mohammedans and Jews.

(4) A Date Chart for each century; and, in the 20th century, fifteen statistical tables bearing upon the status of the Church in all the countries of the world.

(5) Use of alternate large and small print and of copious notes, so that different groups of readers may either confine themselves to the massive outlines of the story, or go into finer details, or follow up the conveniently arranged notes and references which number some 1,300.

(6) The deliberate restrictions of references, in so far as possible, to works written in English, and to books produced within recent years.

(7) Generous use of maps, 32 in line, and 5 in color.

LA FOI CATHOLIQUE—Complete French Translation.

THE MEANING OF THE MASS

By Rev. **Paul Bussard**, Ph.D., and
Rev. **Felix M. Kirsch**, O.F.M.Cap., Ph.D., Litt.D.

Illustrated by Adé de Bethune

IN order adequately to interpret the Mass, Fathers Bussard and Kirsch take each prayer and action of the celebrant and the congregation and explain their origin and purpose, and by the means of questions and discussions after each step, the reader has revealed to him the soul of the Mass. It is the idea of the entire sacrifice and the relation of the parts to the whole that is thoroughly explained. There are Problems and Topics for discussion as well as Review questions at the end of each section. These sections have been designed for class room and study club groups. The illustrations are in that liturgical spirit which has earned for the artist acclaim both here and abroad.
